7,0 x 16 | 8,0 x 17

7,5 x 16

“Arctic graphite“ is a bestseller of the AUTECH design program

Since its introduction at the beginning of the winter season 2008/2009, the wheel type “Arctic graphite” is a real bestseller and belongs to the most favoured wheels of the AUTECH wheel program.

The design Arctic is a constant in AUTECH’s wheel collection since 2003. The new and innovative painting in graphite gives the wheel an extraordinary and independent character.

Arctic graphite is featured by 7 beautiful, externally connected spokes and an understated central area.

The clear lines add the wheel a timeless and elegant touch.

Type Ag is available with ABE in the sizes 6,5 x 16, 7,0 x 16, 7,5 x 16, 7,5 x 17 and 8,0 x 17, with 5-hole-mountings.
