7,5 x 17 | 8,0 x 18 | 8,5 x 18
8,5 x 19

Ethos – a bestseller of the AUTEC design collection

Whether in black polished or in brilliant silver – also more than two years after its introduction AUTEC's wheel type Ethos still belongs to the bestsellers of the wheel program.

The reason for this fact is simple: It is the creative and extraordinary design of the wheel. The star-shaped central area and the harmonic lines give the wheel an independent character and enhance the attractiveness of every vehicle.

Ethos black polished impresses with interesting colour contrasts of the black painting and the front polished surface. The version in brilliant silver is featured by a low-key design and its all-season applicability.

Ethos is available with ABE for almost all vehicles, with 5-hole mountings.
