

**Available wheel sizes:**

8,0 x 17 | 8,0 x 18 | 9,0 x 20

NEW: ATEC's wheel type „los“ – sportive and extravagant!

Type I (los) is ATEC's highlight in this year's wheel program for spring 2009!

los has a modern and exceptional design. The 10 aesthetically formed spokes run dynamically into the concave central area beautified with attractive decoration elements.

The silver-coloured front polish harmonizes impressively with the brilliant black painting and gives the wheel an interesting depth effect.

los is available with ABE for numerous vehicles from mid range upwards, with 5-hole mountings.
